

# "I couldn't live without..."

**Steve Wynn, Administrator,**  
Charlotte Hall Veterans Home

At the Charlotte Hall Veterans Home in Charlotte Hall, MD, Administrator Steve Wynn wants his nurses to spend less time with paperwork and more time with the patients. And since becoming a client of **Woodhaven Health Services**, they've been able to do just that. Woodhaven, an independent provider of institutional pharmaceutical, clinical and information services, has developed the Automated Therapeutic Substitution (ATS) system, a proprietary service available to all Woodhaven clients. The

ATS system substitutes prescription drugs not covered by a patient's formulary for similar drugs that are covered, saving an average of \$20 per prescription, according to the company. It also automates much of the paperwork and administration associated with drug substitutions. "This program works because it helps to keep costs down," says Wynn, "but it doesn't compromise the quality care we provide these veterans."

PHARMACEUTICAL SERVICES  
THERAPEUTIC SUBSTITUTION PROGRAM - ATS

DATE: 01/15/2013 10:00 AM
